apartment is really about location!

The front door is reached by descending 8 steps from the beautifully kept gardens and community pool area. With a fitted kitchen opening out to combined living space which in turn opens out to a wonderful sunny south facing terrace, the space is extremely practical. A useful storage room has been fitted to the side of the terrace. Both bedrooms are big enough for a double or 2 single beds and both are equipped with large wardrobes. From the window of the Master Bedroom, there is even a bonus of a partial sea view. The recently fitted aircon unit located in the living room is capable of cooling the whole apartment very quickly if required and windows have been recently replaced with quality double glazing, mosquito nets and security shutters.

Due to its fantastic location a car is not necessary but there is plenty of parking in the street as the urbanisation can be entered from two street sides. Owners are keen for a quick and easy sale and viewings are easy to arrange.
