Costa del Sol is a sunny paradise with an average temperature of 19°C and over 300 days of sunshine each year. The weather is typically Mediterranean, so summers are hot and dry, while winters are mild. Rain is pretty rare, mostly happening between November and May. Thanks to this lovely climate, the region stays green and vibrant for most of the year, with colorful bougainvillea adding to the beauty. You'll also spot plenty of lemon and orange trees, along with mimosa, jacaranda, palm trees, and pine trees.

This coastal gem has been a favorite holiday spot since the 1950s, especially for Brits, Scandinavians, Germans, and the French. Its rise in popularity really kicked off when Hollywood stars like Grace Kelly, Frank Sinatra, Brigitte Bardot, and others began to visit. Their love for the area helped Costa del Sol gain international fame, and it's been a hotspot ever since.
